Job Description

Job Description
Position Summary
We're seeking a talented Full Stack Web Developer to join our dynamic team. You'll be responsible for developing responsive web applications, collaborating with designers and product managers, and maintaining high-quality code standards.
Key Responsibilities

Develop and maintain web applications using modern JavaScript frameworks
Build responsive, mobile-first user interfaces
Create and integrate RESTful APIs and microservices
Collaborate with UI/UX designers to implement pixel-perfect designs
Optimize applications for maximum speed and scalability
Write clean, maintainable, and well-documented code
Participate in code reviews and technical discussions
Debug and troubleshoot issues across different browsers and devices

Required Skills & Experience

3+ years of experience in web development
Proficiency in JavaScript (ES6+), HTML5, and CSS3
